To request product media for the current software version:

2. Click **Management** to view your Products & Services.
3. Locate the software title with an active Maintenance Subscription and click **More actions** below the download button.
4. Select **Get a physical copy** from the More actions pull-down menu.

Note: Only administrators on Maintenance Subscription contracts, such as Software Coordinators and Contract Managers, will see the **More actions** link and options to order software.

The screenshot shows the Autodesk Account Management interface. The 'MANAGEMENT' tab is selected and highlighted with a red arrow. Below the navigation bar, the 'All Products & Services' section is visible, featuring a search bar and a 'Cloud Credits' summary. A list of products is displayed, including 3dmax, AutoCAD LT, AutoCAD LT French Edition, Autodesk Drainage Design for InfraWorks 360, and Autodesk Roadway Design for InfraWorks 360. For the 'AutoCAD LT' product, the 'More actions' dropdown menu is open, showing options under 'REQUESTS' (Get previous versions, Get home use license, Get a physical copy) and 'PAYMENT' (Subscription details). A red arrow points to the 'Get a physical copy' option. The 'Access now' button is also visible at the bottom right of the product list.

5. Select from the products available on your Maintenance Subscription contract and complete the requested shipping information.
6. Click the **Next Step** button after you complete the form to review your order.
Note: The button is active after you enter all the required product and shipping information.
7. Click the **Go to Checkout** button to proceed to the payment screen.

Order Physical Media
